## From the desk of the Superintendent...

Over the past few months, the School Board and administration have begun looking to the future of what public education could/should look like in the community of Swanville. We have talked about programs that we should add, we have talked about programs that may need some refining, and we have talked about the building as a whole...all with the idea that we want to do everything we can for the community of Swanville to maintain a school that we can be proud of for decades to come.

One of the resounding conclusions we have come up with is that we do not want to pretend that we are the only ones who know what's best for our future. Your thoughts and ideas matter as well!

As a result, you will begin hearing about public listening sessions to be held at the school in the upcoming months. We consciously want to hear from as many people as possible, of all ages, who may have ideas about what we can do better to help prepare our students for the future of Swanville.

*Do we need to add*

*square footage to the building? Do we need to add programs in the building that have not been thought of yet? Do we need to re-envision what education looks like?*

These are just a few of the items you may hear asked of you as we begin this ideation process. Please, feel free to reach out to any of our School Board members or to school administration. Share your ideas. Share your thoughts. Share your concerns... The more ideas we are aware of, the better our elected School Board officials can make decisions on our beloved school district moving forward.

Thank you for being part of the history of Swanville School. Thank you for sending your children to Swanville School. And THANK YOU for helping us prepare our District for the future. We will all be better because of you.

Yours in Education,  
Supt. Travis Hensch

## Greetings from the desk of Mrs. Johnson!

We have had a great start to the year! We all look forward to greeting our students back to school each fall. Our sports teams did well and the fall play looks to be a great success! Students should be taking their electronic devices home each night so if they would need to be out of school, they will be prepared. Winter is upon us! Please make sure your student is dressed for the weather. If you know your student will be gone, please let us know in the morning. We do call home to make sure that they are not stuck somewhere in a ditch or something else. We want to make sure all of our students are safe and accounted for. If your student drives, make sure they have a winter survival kit available to them; it might even be a good Christmas gift. We do use Infinite Campus to make calls on weather-related closings, postponements and for other calls that need to go out, so if you are not getting calls, please contact the school with your contact information. Closings are also posted on KARE 11 and WCCO websites and our school Facebook page and webpage.

Fall quarter recently ended, report cards were sent home with students. If you did not see your students report card, please let us know and we will get you another copy. As always, you can check Infinite Campus for up-to-date grades and other information.

Seniors, remember to check with Maria Ervasti, our College and Careers resource person, about post-graduation options and potential scholarships. Seniors have a document shared with them detailing multiple scholarship opportunities. There is quite a bit of money available, so make sure you are filling out scholarship forms. The Dollars for Scholars scholarship information will be presented to seniors sometime in January. Please look for this date on our school Facebook page and website. This scholarship is filled out online.

Have a wonderful holiday season; time spent with family and friends is always well spent!

Mrs. Sheryl Johnson, Principal

[We are trying something different this year when it comes to Parent/Teacher Conferences:](#)  
 October 12 (elementary only) and 17 (all grade K-12) were fall P/T Conference nights, but you may have noticed that there are none on the district calendar coming up in the winter or spring. Instead, the calendar committee decided to try something new in the high school...we are calling it *High School Showcase Night*.  
 Beginning at 7pm on March 12, families and the greater community will be invited to visit the school and enjoy learning about some of

the great projects our students have been accomplishing in grades 7-12. You may see: examples of amazing art projects created in Mrs. Roden's art classes, Mr. Rieffer's Supermileage Class showing off their cars to race at Brainerd International Raceway, our Robotics program demonstrating their skills with their robot they create for their competitions with Advisor Jason Lee. On top of fun exhibits like these, K-12 Principal Sheryl Johnson will be hosting talks for students who may be planning to take PSEO classes or ITV classes. Stay tuned for more information on this fun event!

Northern Pines Mental Health Center provides Children's Therapeutic Support Services (CTSS).

**NORTHERN PINES**  
 Mental Health Center

These are counseling services offered on site at your school. Some services provided are diagnostic assessments, crisis assistance, and individual/family/group skills and therapy. Some interventions focus on anger control, problem solving, decision making, self-esteem, independence, conflict resolution, communication and stress reduction.

**HOW TO MAKE A REFERRAL FOR NORTHERN PINES SERVICES:**

Go to [www.npmh.org](http://www.npmh.org). Click on Client Forms tab, scroll down to click on "Child Online Referral" and fill in the information.

Swanville High School is pleased to announce the September Senior High student of the month, senior Colton Villnow. Colton is the son of Nate and Sylvia Villnow. He enjoys fishing, hunting and snowmobiling. He is undecided about his post graduation plans, considering either working at DeZurik's as a water controller or building barns. Colton has volunteered with Vacation Bible School at St. Peter's Lutheran Church. His advice to other students is to

"do what you love and never give up on your dreams." His favorite part of school is simply being in class with friends.

High School Science and Industrial Tech instructor Joel Rieffer states "I have known Colton since he was in sixth grade Physical Science. I have watched him grow into an impressive young adult. I am fortunate to have had him in many of my classes. He joined the super mileage team a few years ago and showed his talent for

designing, fabricating and welding on a car he and other students built from scratch to compete at Brainerd International Raceway in Brainerd Minnesota, against many other schools in Minnesota. He has been my TA for a couple of years now and has become quite an asset to me in my classes. When I am helping a student and several need help, he is right there to give me a hand or help other students with their projects. He is a senior this year and has set a good example for other students in my classes. I'm not sure if Colton plans to go on to college but no matter what he plans to do in the future, I believe he will do his utmost best, as he does in my classes. It is comforting to know Colton and students like him will be the ones contributing to our community for many years to come."

Tom Bzdok, High School Social Studies instructor adds "I have had Colton in several classes over the years. He has always been an extremely hard working individual who never hesitates to do what is asked of him. Colton is also very dependable and is a man of his words. If he says he is going to do something, you can be assured he will do it to his best ability and has a lot of pride in the work he does. Colton always seems to be in a good mood and never fails to greet you in a friendly way. He gets along well with others, and is well liked and respected by his classmates as well as adults. Colton is very deserving of this recognition - Congratulations!"

Swanville Public School is pleased to announce the September Junior High student of the month, ninth grade student Hannah Kruchten. Hannah is the daughter of Aimee and Justin Ainali and Brian and Brittney Kruchten. She enjoys hunting and playing card games with her grandma. She has a lot of interests and isn't sure what that will mean for the future, but knows that she wants to go on to college. Hannah has participated very actively in the theater productions since seventh grade. She is consistently on the A honor roll. Her favorite thing about school is how easy her math teacher makes math! Her advice to other students is "take as many opportunities as the world gives you."

Language Arts instructor Chantelle Frie says "Since seventh grade, Hannah has been a delight to have in class. She is motivated to stay on top of her work, and I've seen her go above and beyond in many ways. Hannah balances school, work, and activities without complaint. She has really blossomed as an actress in our theater productions over the past couple of years. Hannah is positive, understanding, cooperative, and respectful, and she brings a sense of humor to everyday tasks. She will be

great at anything to which she aspires and will raise up those around her as well. I'm so happy for Hannah for being recognized for her hard work. Congratulations!"

Swanville Public School is pleased to announce the October Senior High student of the month, senior Karley Loven. Karley is the daughter of John and Tanya Loven. She enjoys both playing and watching sports, weight lifting, reading and being with friends and family. Karley plans to attend college for psychology, with her ultimate goal to become a psychiatrist. She participates in many school activities, in both the areas of sports and other extracurriculars. She has been in volleyball, basketball and softball since seventh grade. She has served on student council since seventh grade. Karley has been on the A Honor Roll all of her junior and senior high school career and was Swanville Schools nominee for the ExCel Award. She has been recognized for All-Conference in volleyball, basketball and softball. She was also selected for All Academic for Prairie Conference in all three sports. Karley was on the All Area Team for Morrison County for basketball. She has been invited to Germany to play basketball for America's Team for her basketball and leadership skills. This will occur in June of 2024. Karley stays busy outside of school by being a Vacation Bible School group leader, volunteers with SAB and does "Adopt a Highway" cleaning. Aaron Gapinski, instructor and Activities Directors says, Karley Loven is an excellent choice for student of the month because of her commitment and dedication to both academics and athletics. "Good enough" really doesn't exist with Karley as she strives to give everything, she has in all that she does. When a setback occurs for her, she has proven time and time again that she will work her way through it and find the positives that are there, even when they are hard to find. Karley maintains a remarkable GPA while being involved in numerous activities and groups at our school. Karley continues to impress me with her drive in both academics and athletics. Congratulations Karley!" Karley's favorite thing about school is having the opportunity to learn and play sports with my friends. There is never a dull

## Students of the Month

moment. She advises others "Put in all the effort you have for anything you do and have fun because you will never get these moments again. You only get one shot so give it all you've got." Physical education and coach Chad Brever adds "Karley is the type of person that brings a smile to everyone's face when she is around. She has a kind heart and works hard to achieve excellent grades and to improve herself on and off the court. She is a positive

role model for classmates, teammates and younger students. Karley is responsible, respectful, honest, helpful, and hardworking. Her winning the student of the month award is a well-deserved achievement.

Swanville Public School is pleased to announce the October grades 7-9 student of the month, ninth grade student Isaac Gapinski. Ike, as he is known to family and friends is the son of Aaron and Angie Gapinski. He enjoys hunting, fishing, sports of all kinds and being outside. He plans to go to college to further his education, at this point he is thinking engineering will be his field of study. Isaac's favorite thing about school is hanging out with his friends and participating in as many activities as possible. His advice to other students is "listen to your parents and work hard." Outside of school he tries his best to help wherever he is needed. He volunteers with his church by helping with Vacation Bible School and is a member of the youth group. He also volunteers with SAB, (Swanville Athletic Boosters), participates in the Habit Outdoors and helps with Swanville Carnival clean up. Isaac is a former student of the month, as well as being chosen as athlete of the month. A proud achievement for Ike in the area of outdoorsmanship was catching a 30"

walleye as well as a 5-pound bass. He was the Knights of Columbus Free Throw Champion for the age group of fourteen-year-olds. Ike has participated in football basketball, baseball and trap since seventh grade. Additionally, he participates in theatre productions and band. Science instructor Jason Lee states "Isaac is a hardworking and intelligent student. His positive attitude is a great addition to the classroom. Isaac excels in science, and his interest is clear

from the questions he asks. He performs well in all of his other classes, too, and achieves high marks across the board. When Isaac has extra time during the end of the school day, he is always headed down to the band room to practice. Isaac is a great example of how hard work, dedication, and a positive outlook pay off. I look forward to his future successes in and beyond school."

# Winter Sports (Basketball and Wrestling) Schedules

\*all dates/times/opponents are subject to change\*

## Girls Varsity Basketball

11/28 vs Pierz  
 11/30 vs Verndale  
 12/1 @ Benson  
 12/5 @ HLWW

 2/9 @ St. Francis Tri (Annandale)  
 2/17 Individual Sect. @ Mora  
 2/24 Team Sect. @ Grand Rapids

## Fall Sport Senior Spotlight: Volleyball

### **Karley Loven**

- Favorite Memory from Volleyball: When we beat Upsala for our homecoming game in 2021 at home.
- Future Plans: I plan to go to college to play basketball and study psychology to eventually become a psychiatrist.
- Advice to Younger Players: Give everything you have because once you blink it's gone and you can never go back.
- If you had to go to one teammate in a crisis who would it be and why? I would go to Lily Peterson because she is like a sister to me and she always knows what to do to make me feel better.

### **Kennedee Chuba**

- Favorite Memory from Volleyball: Being able to play with my sister. My favorite part about playing volleyball with her was setting her up, in a game in Upsala, and her getting a kill to win the game.
- Future Plans: My plan is to go to college after high school, but I am not sure what I will go into, or what I'm planning to do for a career.
- Advice to Younger Players: Always work hard for what you want to accomplish. Success doesn't come easy, and don't let high school drama keep you from playing the game you love most.
- If you had to go to one teammate in a crisis who would it be and why? I would probably go to my sister, Delaney Chuba, because

she is always there for me cheering me on through every step of the game. I would also go to Avery Douglas because in volleyball we share a mindset that allows us to pick each other up, finish a volley, and play to our best ability.

### **Lexi Hanson**

- Favorite Memory from Volleyball: The uncontrollable excitement before your first game of the season...and the overwhelming sadness before your last.
- Future Plans: I am going to continue my education and attend college at Alexandria Technical College to pursue my dreams in nursing. Although I have already been working as a CNA I am even more excited to go higher in my career.
- Advice to Younger Players: Your teammates grow to be your family and your backbone of support. They are the ones who have your back no matter what you do on the court, so hold each other close and have faith in one another. Offer them your encouragement and support as they strive to be the greatest athletes they can be.

•If you had to go to one teammate in a crisis who would it be and why? Kennedee Chuba. Kennedee has always supported me no matter what, and she has been there for me through good times and bad. She has an upbeat personality and can lift my spirits on and off the court.

### **Samantha Sobiech**

- Favorite Memory from Volleyball: Pretzel reviews with Lily
- Future Plans: Attend University of Minnesota Moorhead to major in Elementary Education
- Advice to Younger Players: Not everyone is fortunate enough to play sports past high school. So have fun and enjoy the sport you can, don't waste the time you do have worrying about it.
- If you had to go to one teammate in a crisis who would it be and why? Karley Loven and Lily Peterson. Both Karley and Lily have been positive and inspirational role models who are always encouraging teammates on and off the court.

## Fall Sport Senior Spotlight: Football

### Morgan Bellefeuille (2nd from L)

- Favorite Memory from Football: Playing at the FargoDome 3 years in a row
- Future Plans: To attend a 4 year school and major in Mechanical Engineering. I also plan to serve in the United States Army.
- Advice to Younger Players: Don't mess around in practice, work hard and the hard work will pay off.
- If you had to go to one teammate in a crisis who would it be and why? Zac Johnson, because we would joke about it. Laughter is how I deal with things so when I need that I just talk to Zac.

### Travis Bellefeuille (far R)

- Favorite Memory from Football: Being able to play with my friends and making it to the Fargo Dome three years in a row.
- Future Plans: I am going to Northern Michigan University to major in Criminal Justice and minor in psychology and sociology.
- Advice to Younger Players: Don't take anything for granted because in a heartbeat it can be gone.
- If you had to go to one teammate in a crisis who would it be and why? : It would either be Alex Skillings or Morgan because Morgan is my brother and for some reason Alex listens even though most of the time I am just complaining.

### Carter Natvig (4th from R)

- Favorite Memory from Football: Getting to play on my grandpa's field, and making it to the FargoDome.
- Future Plans: Play football in college
- Advice to Younger Players: Everyone has regrets so give 110% every chance you get.
- If you had to go to one teammate in a crisis who would it be and why? Frankie, because he's like a brother to me.

### Alex Skillings (far L)

- Favorite Memory from Football: Making it to Sections for the past three years in a row.
- Future Plans: National Guard and possibly going to MSUM
- Advice to Younger Players: To give it everything you have in practice, and to do well in school.
- If you had to go to one teammate in a crisis who would it be and why? Eric Landowski, because I have gone to him before and we can keep it between ourselves.

Kingergarten had fun with the football and volleyball teams, law enforcement officers, and Halloween!

## September Athletes of the Month

### JH Volleyball: Ayla Sandelin

Coach Nicollet Gammon-Deering—"Ayla is a positive, encouraging, and humble member of our team. Ayla is excelling at her role of being a team player and role model for the Junior High Volleyball team. Ayla's constant effort and hustle does not go unnoticed." Congratulations Ayla!!

### JV Volleyball: Lexi Hanson

Head Coach Luke Peterson—"Lexi has become a leader for the young girls on the JV team. She pushes herself to get better every day and has a never-give-up attitude!" Congratulations Lexi!!

### Varsity Volleyball: Kennedee Chuba

Head Coach Luke Peterson—"Kennedee has solidified the setter spot for us. She works hard in practice and games. She has filled a role that we needed her to and has excelled at it." Great Job Kennedee!!!

### JH Football: James Kraska

Coach Chris Kircher—"James works hard every day in practice. He not only pushes himself to improve, but he also encourages his teammates each day. James does whatever is asked of him and we are thankful he decided to give football a try!" Congratulations James!

### JV Football: Isaac Gapinski

Head Coach Jay Loven—"Isaac is the QB for the JV team and has flourished in his leadership role. The JV team has had quite a bit of playing time the past couple of weeks, and Isaac has taken control and led his group to 3 touchdowns, most against the other teams varsity." Congratulations Isaac!!

### Varsity Football: Frank Meagher

Head Coach Jay Loven—"Frankie is a sophomore QB/LB this year for the Patriots. Frankie has completed 18/23 passes for 306 yards and 6 touchdowns through the first 2 games. He also has 9 rushes for 47 yards and 3 touchdowns. Frankie has really stepped up in the leadership role that is required from the QB position." Congratulations Frank!!

## October Athletes of the Month

### JH Volleyball: Amelia Reece (not pictured) and Isabella Miller

Coach Nicollet Gammon-Deering—"Amelia is a positive, supportive and level headed individual. This is her first year in volleyball and she excelled at her position as setter. She treats her teammates/coaching staff with respect and compassion. Isabella holds an important leadership role on the JH volleyball team. She is always willing to mentor/guide the younger girls on the team. She can be seen filling the captain like role for our JH volleyball team and for that we are appreciative of her. Congratulations Amelia and Isabella!"

### JV Volleyball: Allison Bernadot

Head Coach Luke Peterson—"Allie leads the JV team on the court. She helps the girls get into rotation and is an all around player for our team filling many roles on it." Congratulations Allie!

### Varsity Volleyball: Avery Douglas

Head Coach Luke Peterson—"Avery recently reached her 1000th career dig. She is a leader on the court and runs the defense in the back row. She is a great competitor and always gives 100%." Great job, Avery!!!

### JH Football: Dawson Hasse

Coach Chris Kircher—"Dawson is courteous, respectful, and does whatever is asked of him on and off the field!!! Dawson is a consistent and hard working player helping his 7th grade team go 7-1 on the season.... Congratulations Dawson!"

### JV Football: Asher Johnson (not pictured)

Head Coach Jay Loven—"Asher has been a consistent hard-worker who will do whatever is asked of him. He plays receiver and linebacker for the JV team, and has shown constant improvement. Asher has been a big contributor to the JV's 4-1 record this season. Congratulations Asher!"

### Varsity Football: Ethan Barthel

Head Coach Jay Loven—"Ethan is a starter on the offensive line and is a linebacker on defense for the Patriots this season. He is the leading tackler for the team with 42 total tackles, 2 fumble recoveries and 1 interception. Ethan made a sacrifice this year. He has been a running back throughout his young career, but has helped his team and excelled by becoming an offensive lineman. Congratulations Ethan!"

# Swanville High School First Quarter Honor Roll

## 7th Grade

### A Honor Roll

## Swanville Robotics Team 7677

The fall robotics season concluded at the Northern Minnesota Robotics Conference Championship held in Babbitt, MN on Saturday, October 28. We had an especially young team for this event consisting of one senior and 5 junior high students. It was a great learning experience for the students despite a couple of setbacks, and we'll be looking to improve in the winter season. The winter season starts on Saturday, January 6 when we learn what the new game will be. The team will build a robot to play that game over the course of the winter season, and then compete at two events: The Great Northern Regional at the Alerus Center in Grand Forks, ND from March 7-9, and The Granite City Regional in St. Cloud, MN from April 5-7. A big thank you to all of our sponsors - we could not run this program without your continued support!

SEPTEMBER:

- 6th grade - Maria Keppers
- 5th grade - Tjade Miller
- 4th grade - Abby Maciej & Dixie Keppers
- 3rd grade - Ximena Martinez Juarez
- 2nd grade - Luke VanHeel & William Beniek
- 1st grade - Luke Dempsey & Laurie Zupko
- Kindergarten - Ellie Sanders
- STEM K-3 - Riley Sandelin
- STEM 4-6 - Gabriel Dempsey
- PE K-3 - Macie Defoe
- PE 4-6 - Brynna Hauck
- Art K-3 - Louis Hutchins
- Art 4-6 - Sherlyn Sanchez

OCTOBER:

- 6th grade - Kaleb Kasper
- 5th grade - Gabe Silgjord
- 4th grade - Clara Johnson & Nora Schafer
- 3rd grade - Kaprice Karst
- 2nd grade - Heston Gerads & Autumn Zarns
- 1st grade - Carson DeFoe & Maelee Schillinger
- Kindergarten - Aaron Scherping
- STEM K-3 - Dawson DeFoe
- STEM 4-6 - Gabe Silgjord
- PE K-3 - Kylie Gilyard
- PE 4-6 - Corbin Brown
- Art K-3 - Laurie Zupko
- Art Grades 4-6 - Corbin Brown

# Elementary Students of the Month

Mrs. Waltman's October Class Photos: Kindness Day, A Trip to the Fire Department, and Halloween!
